

# 310-330

## Sun

### *Sun Certified Systems Installer for Sun Cluster 3.X*

Visit: <http://www.pass4sureofficial.com/exams.asp?examcode=310-330>

*Pass4sureofficial.com is a reputable IT certification examination guide, study guides and audio exam provider, we not only ensure that you pass your 310-330 exam in first attempt, but also you can get a high score to acquire Sun certification.*

*If you use pass4sureofficial 310-330 Certification questions and answers, you will experience actual 310-330 exam questions/answers. We know exactly what is needed and have all the exam preparation material required to pass the exam. Our Sun exam prep covers over 95% of the questions and answers that may be appeared in your 310-330 exam. Every point from pass4sure 310-330 PDF, 310-330 review will help you take Sun 310-330 exam much easier and become Sun certified. All the Questions/Answers are taken from real exams.*

*Here's what you can expect from the Pass4sureOfficial Sun 310-330 course:*

- \* Up-to-Date Sun 310-330 questions taken from the real exam.*
- \* 100% correct Sun 310-330 answers you simply can't find in other 310-330 courses.*
- \* All of our tests are easy to download. Your file will be saved as a 310-330 PDF.*
- \* Sun 310-330 brain dump free content featuring the real 310-330 test questions.*

*Sun 310-330 certification exam is of core importance both in your Professional life and Sun certification path. With Sun certification you can get a good job easily in the market and get on your path for success. Professionals who passed Sun 310-330 exam training are an absolute favorite in the industry. You will pass Sun 310-330 certification test and career opportunities will be open for you.*

**QUESTION 1**

What is the main function of the terminal server?

- A. provide remote console access to cluster nodes
- B. provide ssh access to cluster nodes
- C. provide telnet access to cluster nodes
- D. provide secure console access to the administrative workstation

Answer: A

---

**QUESTION 2**

Which slice on the rootdisk (c0t0d0) can be used for local state database replicas?

- A. slice 3
- B. slice 6
- C. slice 1
- D. any free slice
- E. slice 0

Answer: D

---

**QUESTION 3**

In which case is it unnecessary to register a disk group in the Sun Cluster environment?

- A. if it is a local disk group other than rootdg
- B. if it is a shared disk group used in CVM installation
- C. if the disk group already exists
- D. if it is a disk group configured with internal disks
- E. if the disk group is imported manually

Answer: B

---

**QUESTION 4**

What setup allows you to call `apachectl start` to test your configuration before it is integrated into the cluster and have it find your `httpd.conf` file, regardless of its location?

- A. Make sure you put your configuration file in `/etc/apache`. This is the only place it can go.
- B. It is impossible to manually test your apache configuration before you set up the resources and resource groups.
- C. Manually edit the `apachectl` script (or a copy) and set it up to start the `httpd` daemon with a `-f` option pointing to your configuration file.
- D. You do not need to set up anything. The `apachectl start` command searches your file system for possible `httpd.conf` files and presents you a menu of what you want to use.

Answer: C

---

**QUESTION 5**

Which statement regarding the private network is true?

- A. The SCI interface is supported in a Sun Cluster 3.x environment for sbus IO boards.
- B. SCI cables must be attached in a point-to-point configuration for all two-node clusters.
- C. SCI cables must be attached using switches for all two-node clusters.
- D. The SCI interface is supported in a Sun Cluster 3.x environment for PCI IO boards.

Answer: D

---

**QUESTION 6**

Which is an advantage of having /local/oracle-bin on a local disk group (i.e. localdg) which is only connected to one node, instead of having it as a file system in rootdg?

- A. VxVM will always by default set up a local disk group localdg.
- B. Your "oracle-bin" can only survive a VxVM upgrade if it is not in rootdg.
- C. A file system on a local disk group is always mounted, i.e. "oracle-bin" is always available.
- D. If upgrading the Solaris OS, you do not have to restore "oracle-bin" as it can be imported and mounted after the upgrade if it is not in rootdg.

Answer: D

---

**QUESTION 7**

Which two packages contain the Distributed Lock Manager of Oracle9i RAC on Sun Cluster 3.0? (Choose two.)

- A. SUNWudlmr
- B. SUNWdlm
- C. ORCLudlm
- D. VRTSdlm

Answer: A,C

---

**QUESTION 8**

Which two resources does the EIS CD-ROM include to enable the delivery of high-quality, consistent, and supportable installations for Sun equipment? (Choose two.)

- A. Solaris software
- B. Technical installation checklists
- C. All necessary application software for the installation
- D. Defined set of deliverables

Answer: B,D

---

**QUESTION 9**

Which Sun TC command terminates a telnet connection to the TC?

- A. exit
- B. bye
- C. quit
- D. hangup

Answer: D

---

**QUESTION 10**

What mechanism ensures that a shared CVM disk group is properly imported at cluster boot time?

- A. the standard device group infrastructure (visible with scstat -D)
- B. extra cluster boot pieces included in the extra Sun Cluster packages required to support CVM
- C. No mechanism does it automatically. You must manually import the disk group if you are rebooting the whole cluster.
- D. the standard resource group infrastructure (visible with scstat -g)

Answer: B

---

**QUESTION 11**

In which case is it unnecessary to register a disk group in the Sun Cluster environment?

- A. if it is a disk group configured with internal disks
- B. if it is a shared disk group used in CVM installation
- C. if the disk group is imported manually
- D. if it is a local disk group other than rootdg
- E. if the disk group already exists

Answer: B

---

**QUESTION 12**

Where is the ccp binary located?

- A. /etc/opt/SUNWccn/bin
- B. /opt/SUNWcluster/bin
- C. /etc/opt/SUNWcluster/bin
- D. /usr/cluster/bin
- E. /usr/opt/SUNWcluster/bin

## Pass4SureOfficial.com Lifetime Membership Features;

- Pass4SureOfficial Lifetime Membership Package includes over **2500** Exams.
- **All** exams Questions and Answers are included in package.
- **All** Audio Guides are included **free** in package.
- **All** Study Guides are included **free** in package.
- **Lifetime** login access.
- Unlimited download, no account expiry, no hidden charges, just one time \$99 payment.
- **Free updates** for Lifetime.
- **Free Download Access** to All new exams added in future.
- Accurate answers with explanations (If applicable).
- Verified answers researched by industry experts.
- Study Material **updated** on regular basis.
- Questions, Answers and Study Guides are downloadable in **PDF** format.
- Audio Exams are downloadable in **MP3** format.
- **No authorization** code required to open exam.
- **Portable** anywhere.
- 100% success **Guarantee**.
- **Fast**, helpful support 24x7.
